IOS MOBILE APP DEVELOPMENT CONTRACT

This Agreement is entered into on 26th December 2024, by and between:

- **EaziSystems and Technologies** (hereinafter referred to as the "Developer"), with its principal place of business at GE-249-6922, Taifa Ashongman
  and
- **Shield Pension Trust** (hereinafter referred to as the "Client"), with its principal place of business at H/no. 347 Kofi Annan Av. N. Legon

1. Scope of Work

The Developer agrees to design, develop, and deliver the following features in an IOS mobile App for the Client:

Chatbot Integration

- Add a chatbot to provide users with instant assistance and FAQs.

Live Updates

- Introduce live notifications to keep members informed about account activities and market trends.

Contribution Reminders

- Set up automated reminders to notify members of upcoming or overdue contributions.

Enhanced Security Features

- Implement two-way verification for secure account access.

Benefit Calculator

- Include a tool for members to estimate pension benefits based on contributions and projected returns.

Pension Product Information

- Provide concise, interactive educational content ("Bits") on pension products.

Short Educational Videos

- Incorporate short videos to explain key pension concepts and app features.

Interface and Functional Updates

Branding Updates

- Update the interface to prominently feature the shield logo alongside the company tagline.

Full Statement Accessibility

- Enable members to view their complete account statements via the app.

Detailed Pension Statements

- **Provident Fund (PF):** Display separate statements for employer and employee contributions.
- **Personal Pension (Cedi P3):** Show detailed statements for both the investment account and the personal pension account.

Claim Requests

- Add functionality for members to request Tier 3 or Personal Pension claims through the app.

Contribution Payments

- Allow members to make payments into their personal pension scheme directly through the app.

Bio Data Updates

- Include an update section for members to modify specific personal details, such as telephone numbers.

---

2. Payment Terms

The total cost for the development of the features listed above is **12,000 Ghana Cedis (GHS)**. The payment will be made in two installments as follows:

3. Timeline

The Developer agrees to complete the project within **4 - 8 weeks** from the date of receiving the initial payment.

4. Responsibilities

Developer Responsibilities:

- Deliver all features as outlined in Point 1.
- Provide regular updates on the project's progress.
- Ensure all deliverables meet the agreed specifications.

Client Responsibilities:

- Provide all necessary information and materials required for the project.
- Make payments as outlined in Section 2.
- Assist with any information(APIs, Data, Access) the developer will need to complete the project.

5. Ownership

Upon receipt of the final payment, the Client will own all rights to the developed software, including the source code and associated materials.

6. Termination

If the Client fails to make payments as agreed, the Developer reserves the right to terminate the agreement.

7. Governing Law

This Agreement shall be governed by the laws of the Republic of Ghana.

8. Acceptance

By signing below, both parties agree to the terms and conditions set forth in this Agreement.
